3. Start up premises

INVEST Essex operates managed workspace to help people establish themselves in business in the county. Our Enterprise centres across the county offer a solution to businesses seeking commercial premises for the first time and operate 'easy in, easy out' terms with the flexibility to expand or reduce in size without changing location. Specialised business support is available, as well as opportunities to network with like-minded people.

Either office space or virtual office space is available for small (1 - 10 people), incoming companies to Essex.

Basildon Enterprise Centre

Located to the south of Essex in the main manufacturing and advanced technology business region zone of the county. It is 45 minutes from London by rail and 45 minutes from London Stansted Airport by road.

Clacton Enterprise Centre

On the coast of Essex, the longest coastline in England and at the centre is of an industrial park to the North of the town. There is a fast, direct train service to London and easy access to the UK's motorway network via the A120 which takes you to Harwich seaport in the east and Stansted Airport in the west. London to Clacton takes 1 hour and 25 minutes by train.

Ongar Technology and Innovation Centre

Set in a rural location Ongar is within minutes of the M11 one of the UK's major arterial roads leading to Cambridge and Stansted to the North and London in the South. With modern and up-to-date facilities this centre specialises in supporting early stage innovative businesses. It offers a range of services including virtual office space, incubation facilities and modern offices, plus a full range of high quality conference facilities.

Other Premises

There are also subsidised premises in many other parts of the county and we can help you to find the right location for your business.
